## TERA Lake Wildfire Resilience Training

EcoCultural Fire & Stewardship Training Center

## CLERC Carnegie Library

CLERC Lab and Environmental Discovery Center

## BUILD – NCO

Construction and trades workforce development

# Geothermal – The Geysers are the largest developed geothermal field in the world

An aerial photograph of the Geysers geothermal field. In the foreground, there are several large, cylindrical industrial tanks and a complex network of pipes and walkways. The facility is situated on a hillside. In the background, a vast mountain range stretches across the horizon under a clear sky.

## North Geysers Incremental Development

Calpine project bringing 25 MW of additional power by mid-2026

## GreenFire Energy at The Geysers

Restoring a near-idle geothermal well to full production

## Effluent Pipeline

Special Districts' effluent to recharge The Geysers

# Tourism

Featherbed Railroad Bed and Breakfast

Harbin Hot Springs Expansion

The Fainting Couch
