Redwood Region RISE (Resilient Inclusive Sustainable Economy) **Quarterly Collaborative Meeting (Zoom)**

Learn More: bit.ly/Redwood-RISE

Welcome Everyone / ¡Bienvenidos todos!

You have arrived at the 2025, Q3 Quarterly Collaborative Meeting of Redwood Region RISE's Implementation Phase.

Today's theme is Forest & Fire Resilience in the Redwood Region 🔥

Please introduce yourself in the chat-name, affiliation (if applicable) and where you are zooming in from: https://native-land.ca/

What's a good book you've recently read that has helped you better understand today's world, particularly as it relates to RISE's work? Share the title and tell us how it connects to our work here!

Let us know in the comments!

Land Acknowledgement

Redwood Region RISE's Collaborative is located on the present and ancestral Homeland and unceded territory of Indigenous People. Tribes and Nations in our region include:

Bear River Band of the Rohnerville Rancheria; Big Lagoon Rancheria; Big Valley Band Rancheria; Blue Lake Rancheria; Cahto Tribe; Coyote Valley Band of Pomo Indians; Elem Indian Colony; Elk Valley Rancheria; Guidiville Indian Rancheria; Habematolel Rancheria of Pomo Indians; Hoopa Valley Tribe; Hopland Band of Pomo Indians; Karuk; Koi Nation; Manchester Band of Pomo Indians; Mattole; Middletown Rancheria of Pomo Indians; Pinoleville Pomo Nation; Potter Valley Tribe; Pulikla Tribe of Yurok People; Redwood Valley Little River Band of Pomo Indians; Robinson Rancheria; Round Valley Indian Tribes; Scotts Valley Band of Pomo Indians; Sherwood Valley Rancheria; Tsnungwe; Tolowa; Tolowa Dee-ni' Nation; Trinidad Rancheria; Wailaki; Wiyot; Yurok Tribe; Yokayo Rancheria.

We make this land acknowledgement in recognition that our words must be matched by action and approach.

Learn more: "What Good Is a Land Acknowledgment?"

Housekeeping Notes

Reminder: This meeting is our check-in space to get updates and progress reports of Redwood Region RISE and California Jobs First.

→ The work happens at the Tables!

- Welcome (Back)!
- Convening Team
- Informational Meeting: No per diems
- Sector-focused Collaborative meetings
- Slides, Spanish recap will be shared after
- Please mute your microphone
- Questions in chat (DMs to the team)
 - → we gather & answer your questions!

Agenda

Goals for today:

Theme: Forest and Fire Resilience

 Learn about regional, and statewide efforts to reduce fire risk and transition our forests to healthy management. Reminder of RISE's sustainable forestry strategies via our Sector Coordinators and Catalyst projects

11:00-11:05	Welcome (Back)!	CCRP
11:05-11:10	Admin Updates November 5th, 2025 In-Person Convening Update Newest Sector Coordinator: Capacity Support & Workforce Sustainability Working Group Update State Implementation Funding RRRISE Catalyst RFP After-Action Review: Key takeaways	CCRP
11:10-11:25	Collaborative Report Outs Voting Members Tribal Table Economic Development Finance (EDF) Working Group Sector Investment Coordinators (Advisory Councils)	Collaborative Bodies and their Facilitators
11:25-11:35	Supporting Sustainable Forestry & Fire Resilience in our Region	Sector Investment Coordinator Mary Anne Petrillo and team
11:35-12:00	Catalyst Project Highlights How are we addressing fire risk, resilience, and forest health?	Catalyst Project Leads
12:00-12:25	Sustainable Forestry Panel Expert panel discussion featuring regional and statewide agency representatives on transforming fire risk challenges into career opportunities and supporting healthy forest management transitions.	North Coast Resource Partnership; Wildfire Solutions Coalition; Sierra Business Council
12:25-12:30	 Recap & next steps RSVP NOW! November 5, 2025 → In-Person Quarterly Collaborative Meeting in Lake County (limited number of scholarships available) 	CCRP
12:30	Adjourn Meeting	CCRP

Implementation Phase Admin Updates: Overview

- RRRISE Progress update: Key accomplishments this quarter
 - November 5th, 2025 In-Person Convening: RSVP open (just a few open spots!)
 - Welcome Capitol Impact (new Sector Coordinator for Workforce)
 - Sustainability Working Group: Kicks off next week
 - Voting Members: New term starts now!
- RRRISE Catalyst RFP After-Action Review: Thanks everyone for contributing!
 Recommendations will be integrated into policies and procedures for future regranting
- California Jobs First Update
 - Tribal Funding Awarded Congrats to Scotts Valley Energy Corp.
 - State Implementation Funding:
 - Round 1 Awarded Congrats UCANR Hopland Extension Center.
 - Round 2 Launched Join GO-Biz' Office Hours at 1pm today!

Voting Members

- Co-Chair for this quarter: Cindy Vosburg (Del Norte Chamber of Commerce & Visitor Bureau) and Sal Munoz Moreno (Redwood Parks Conservancy)
- Equity Council (now: Equity Committee, part of Voting Block)
 - o Co-Chairs Maria Dahlin and Thomas Nicholson Stratton, Facilitator Lulu Mickelson

Tribal Table

- Facilitators Grant Klopmeyer and Lorna McLeod with the Northern California Indian Development Council (NCIDC)
- Economic Development Finance (EDF) Working Group
 - Chair Susan Seaman (North Edge Financing), Facilitator Regional Government Services (RGS)

Sector Investment Coordinators:

- Arts, Culture and Tourism <u>calder.johnson@gmail.com</u>
- Health and Caregiving <u>RRRISE@nchiin.org</u>
- Renewable and Resilient Energy <u>mmarshall@bluelakerancheria-nsn.gov</u>
- Working Lands and Blue Economy <u>maryanne@westcenter.org</u>
- Operationalizing <u>Activation Plans</u>
 - Assessing strategy feasibility to ensure realistic and achievable outcomes
- Regional projects for the State's 2nd round of Implementation Funding

Supporting Sustainable Forestry & Fire Resilience in the Redwood Region

Working Lands & Slue Economy Activation Plan Update

September 25, 2025

Mary Anne Petrillo
Sector Investment Coordinator
West Center

Activation Plan

The activation planning process ensures California's economic investments are regionally driven, targeted, and ready to implement, aligning local strengths with statewide growth priorities. This approach adds value by making development more equitable, accountable, and impactful, accelerating job creation and long-term resilience across the state.

Our Redwood Region's forests, farms, and fisheries are more than resources—they are the living foundation of community, culture, and climate resilience. This **Activation Plan outlines a regional coordination framework** serving producers, processors, port authorities, Tribal communities, and value chain innovators across agriculture, forestry, and ocean-based industries through five interconnected strategies:

Redwood Region RISE

Working Lands and Blue Economy Activation Plan

California's Redwood Region

Catalyst Awardees

Timber & Workforce Development Three Initiatives (\$1,959,897)

Carving a Legacy: Tribal Traditions. Woodworking, and Workforce

Connecting Mass Timber to Regional Housing and **Building Needs**

Developing a Climate Forward Workforce and **Innovation Pipeline**

Mad River Mass Timber **Forest WRX Alliance**

Career Pathways: Fire, Forest, Fish & **Facilities** (\$1,127,936)

Creating sustainable wage opportunities in natural resource iobs across three counties. 4F (Fire, Forests, Fish & Facilities) initiative, builds a shared network for workforce development across fire, forestry, watershed, and cultural sectors.

Fire Lines & Fiber **Bioregions: A Regional Wool Industry Cluster** (\$607,856)

Assess the feasibility of a **Regional Wool** Industry Cluster—from raw fiber to finished product—and create a shovel-ready roadmap for implementation.

Kaos Sheep Outfit

Hmong Association of Coast Food System Network

North Coast Resilient Food Systems Initiative (\$2,306,574)

Develop a **USDA-approved** meat processing plant in Crescent City to address a critical infrastructure gap affecting farmers and ranchers across the Redwood Region.

Redwood Corridor SEEDS Network (\$450,000)

Advances Tribal food sovereignty, equitable land access. entrepreneurial kitchens, and resilient community hubs along Redwood **Highway**, fostering thriving-wage jobs, food security, and sustainable rural enterprise opportunities...

North Coast Opportunities (NCO)

Blue Lake Rancheria Tribe **Trees Foundation**

Crescent City with North

Anticipated Impact

Expected outcomes by August 2026 include:

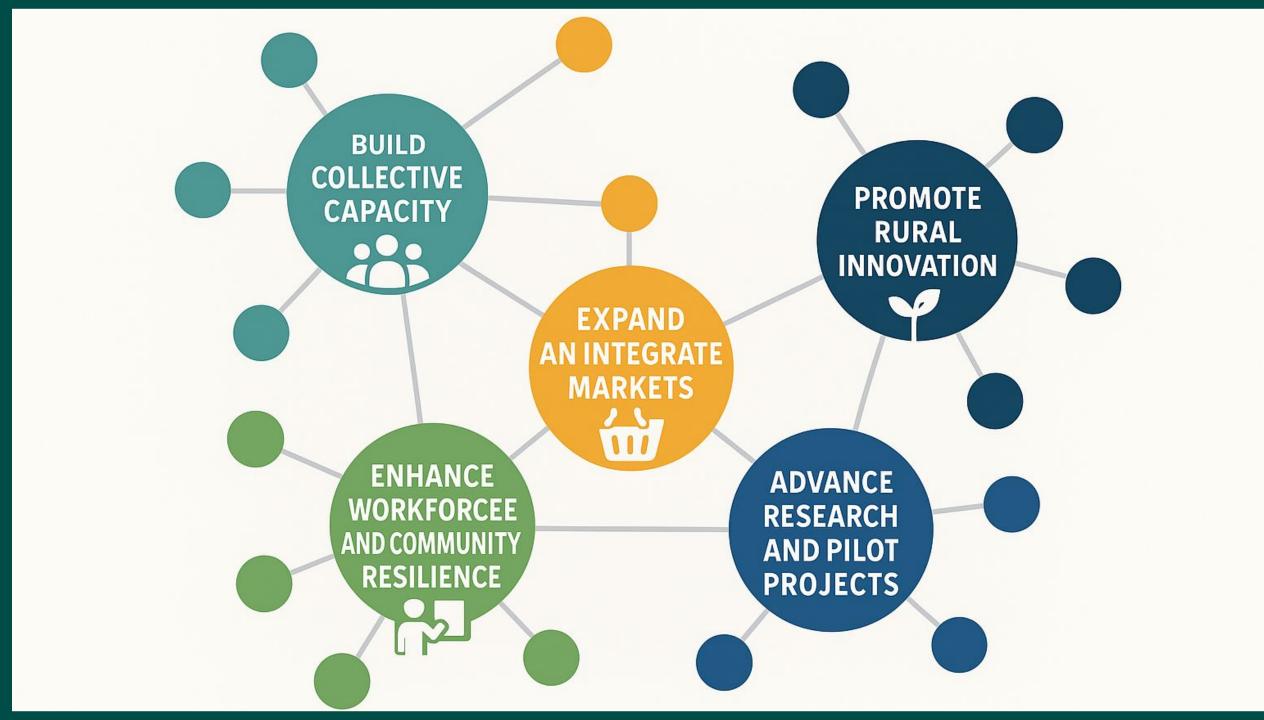

A workforce pipeline that equips 200 individuals with skills for forest, water, and coastal resilience, with at least 50 placed in family-sustaining jobs.

Launch of 20–35 new agricultural, food, or green manufacturing businesses.

Infrastructure
revitalization across
Noyo, Humboldt,
and Del Norte
harbors, supporting
a 25% increase in
tourism and
commercial fishing
revenues.

A four-county food hub network improving market access for over 100 producers. Pilot deployment of scalable building models, wool and timber product development, kelp restoration and carbon sequestration projects.

Catalyst Project Highlights

- <u>Developing a Climate Forward Workforce & Innovation Pipeline for Forest and Community Resilience</u>
 - Christy Prescott Executive Director, Forest WRX Alliance
- Carving a Legacy: Tribal Traditions, Woodworking, and Workforce Development
 - Michael Shackelford Secretary/Treasurer, Blue Lake Rancheria Tribe
- Red Hills Bioenergy Facility and Central Wood Processing Plant
 - Jeff Durtschi Managing Director of Omni BioEnergy (Technology partner of Scotts Valley Energy Corporation)
- Career Pathways: Fire, Forest, Fish & Facilities
 - Damien Roomets Executive Director, Trees Foundation
- \rightarrow Please save your questions until the end, or drop them in the chat!

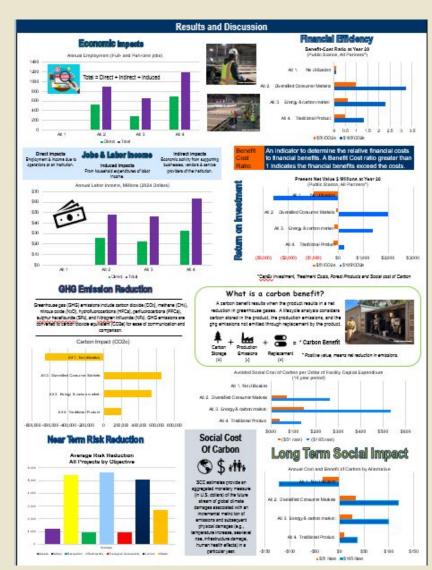

Developing a Climate Forward Workforce and Innovation Pipelines for Forest & Community Resilience

Comparative Study:

The Diversified Public Benefits & Economic Impacts of Biomass Utilization

- Economic Impacts: Jobs & Labor Income
- Sales Tax Revenue
- Increased Financial Efficiency
- GHG Emission Reduction
- Near Term Risk Reduction
- · Long-Term Social impact

Developing a Climate Forward Workforce and Innovation Pipelines for Forest & Community Resilience

Enhancing Equity Creating Living-Wage Jobs Leadership in Climate Resilience

- → Scale forest & grassland restoration capacity
 - Invest in workforce & career paths
 - Expand critical infrastructure
- → Cultivate New Revenue Streams to Offset Costs
- → Sustain invest in our communities & industries
- Increase jobs and labor income
- → Reduce wildfire risks to communities & forests
- → Sequester carbon in forests & built environment

Carving a Legacy: Tribal Traditions, Woodworking, and Workforce Development

Redwood Region RISE

Forest & Fire Resilience in the Redwood Region

Scotts Valley Band of Pomo Indians

Provide Economic Development and protect our: Ecosystem | People | Land | Air | Water | Life as we adapt to climate change

Economic Development

Expand opportunities for Economic Development

Wildland Fires

More than 70% of the land in Lake County has burned in wildfires since 2015

Tribal EcoRestoration Alliance

Partnership to train & employ Tribal members in ecological restoration

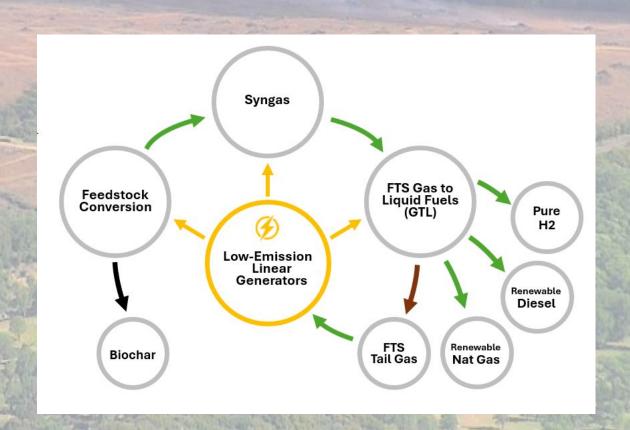

Bioenergy & Biochar Production

Waste woody biomass and recyclable plastics as feedstock

SVEC Bioenergy Vision

- SVEC Bioenergy creates renewable hydrocarbons from carbon already in the environment for:
 - Organic waste conversion to renewable fuels and electricity
 - Pure Hydrogen to Liquid Vehicle Fuels
 - Biochar and CO2 sequestration
 - Waste "Tail" Gas used to power entire system
 - LGens produce ultra low emission electricity

Tribal Goals & Objectives

- Align with cultural values
- Supports risk reduction for community
- Creates an economic incentive for fire safe activity
- Reduces the impact of wildfire
- Expand renewable energy use in Indian Country
- Reduce greenhouse gas emissions
- Create jobs

SVEC Bioenergy

- SVEC Bioenergy is <u>NOT</u> biomass burning
- SVEC Bioenergy is a solution for 100% renewable energy goals
- SVEC Bioenergy uses waste biomass as feedstock
- Feedstock needs to be processed to a narrowly defined specification
- SVEC designed a wood campus to provide biomass to multiple bioenergy project sites

RISE Funding – Wood Processing Plant

- One wood campus can support 8-12 distributed bioenergy sites creating a job generation cascade
- 4 key positions funded under RISE include plant supervisor, operator technician, equipment operator, and driver
- Funds support effort to recruit, hire train and retain selected candidates
- Pinoleville Rehab Services will provide training specific to each role and TERA will teach tribal cultural sensitive forest management practices
- Recruiting will focus on disadvantaged individuals with Scotts Valley first priority, native Americans 2nd priority and non-native Americans 3rd priority

Thank You

Thomas Jordan

Rural Resilience Partnership

Career Pathways: Fire, Forests, Fish & Facilities Project

Focus: FIRE TRAINING

Fire Training

2025 Wildland Readiness Drill

147 Firefighters/Firelighters Trained

16 New FFT2s

Participating Agencies

Petrolia VFD, Telegraph Ridge VFD, Palo Verde VFD, Honeydew VFC, Shelter Cove FD, Whitethorn FPD, Redway FPD, Wailaki Cultural Fire, Native Health in Native Hands, Fruitland Ridge VFPD, Garberville FPD, Humboldt County Prescribed Burn Association, Salmon Creek VFD, Miranda FD, Myers Flat VFD, Bell Springs VFD, Whale Gulch VFD, CAL FIRE Humboldt – Del Norte Unit, BLM, Cal Poly Humboldt & REACH Air Medical Services

2 Newly Qualified Strike Team Leaders

Workforce Development

Strike Team/Task Force 2075C

- 1st Southern Humboldt Strike Team formed
- 3 OES Assignments at the Green Fire, Gifford Fire, and Dillon Fire
- **26** FFs from **5** Southern Humboldt Departments

\$900,000 Gross Revenue

Sustainable Forestry Panel

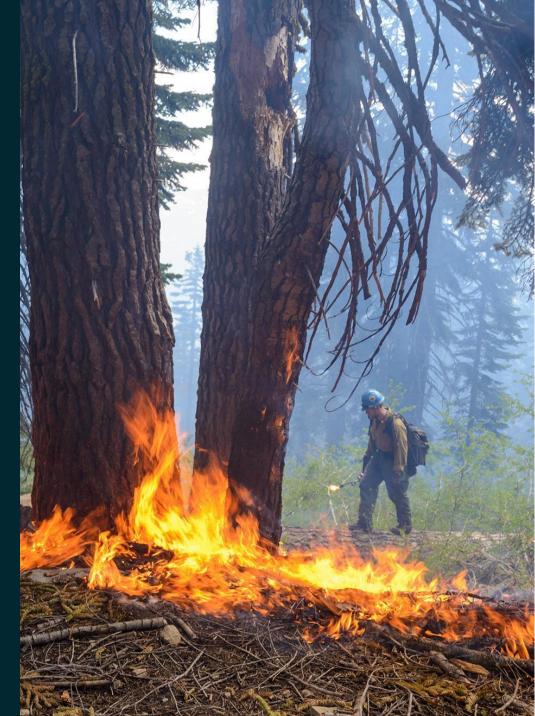

- Karen Gaffney Director of Strategic Planning & Communication, North Coast Resource Partnership (NCRP)
- Steve Frisch President, Sierra Business Council; Wildfire Solutions Coalition
- Emily Blackmer Government and Community Affairs Director, Sierra Business Council; Wildfire Solutions Coalition
- → Questions: Local/regional → state → synthesis & policy impacts
- → If time allows, Q&A at the end (feel free to drop questions in the chat)

Together, we can break California's cycle of catastrophic wildfire.

wildfiresolutionsca.org

The Coalition

The Wildfire Solutions Coalition was launched in June 2025 in response to the growing urgency of California's wildfire crisis.

The cross-sector Coalition is unified in the critical need to move the state from wildfire response to wildfire risk reduction.

OUR GOAL

Secure the long-term funding needed to fully implement California's wildfire resilience strategy

WHAT'S AT STAKE:

Economic Costs

Air Quality

Carbon Emissions

Ecosystem Health

Over 50,000
Californians have
died from
wildfire smoke
impacts since 2008

Wildfires cost
California \$117 billion
per year in economic
losses

Wildfire smoke has increased air pollution to levels not seen in over 20 years Wildfires are one of California's largest sources of greenhouse gas emissions

The amount of
high-severity
wildfire has no
historical precedent

WHAT WE STAND TO GAIN:

Cost Savings

Opportunity

Water Security

Climate Action

Preventing extreme
wildfires will protect
Californians' health,
especially in
low-income and
disadvantaged
communities

Investments to reduce wildfire risk are extremely efficient – they save at least \$6 for every \$1 invested Wildfire resilience investments will create tens of thousands of jobs in communities across the state Reducing extreme
wildfire protects our
water supply from
dangerous
contamination and
expensive damage

Nature-based solutions are the most cost-effective way to reduce emissions and mitigate climate risks

The Challenge

WE NEED CONSISTENT FUNDING

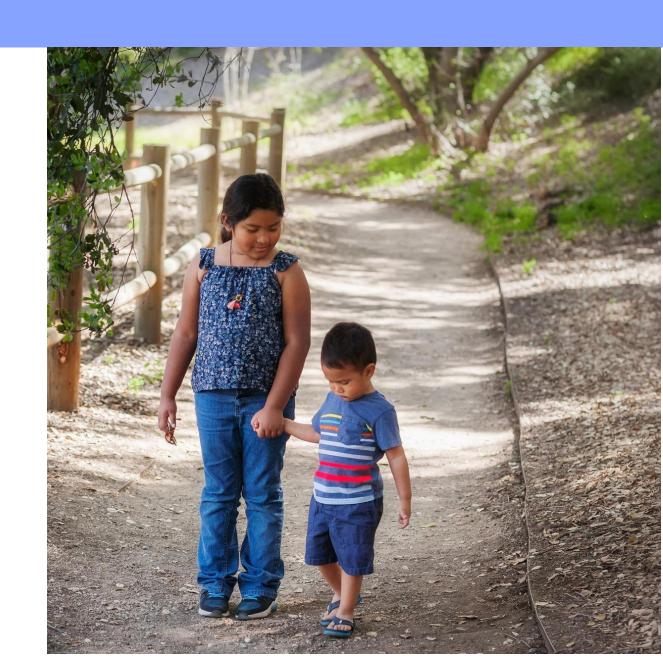

to address California's wildfire crisis

- Addressing California's wildfire crisis will cost at least \$2.5-\$3 billion a year for 10 years, including local, state, federal, and private funding.
- The State of California currently allocates only \$200M in continuously appropriated annual funding for wildfire resilience projects, which expires in 2029.
- Prop 4 makes \$1.5 billion available to be spent over the next few years.
- The passage of Prop 4 demonstrates that nearly 60% of Californians support increased funding for wildfire resilience.
- Federal funding is declining in the "new" environment.

How We Will Work

- Expand & mobilize a broad-based, statewide coalition for wildfire resilience
- Elevate wildfire resilience as a near-term
 priority for state and local leaders
- Build strong public support for specific strategies to expand wildfire resilience funding

Our Ask

Join the Coalition to secure sustained funding so California can execute its wildfire strategy and break out of the cycle of crisis.

Recap & Next Steps

- RSVP NOW for RRRISE In-Person Collaborative Meeting: November 5,
 Robinson Rancheria, Lake County (Just a few spots available!)
- State Implementation Funds Round 2 Launched
- Continued Project Assistance by Sector Investment Coordinators and Economic Development Finance (EDF) Working Group

Our Upcoming Meetings (It's going to be a busy fall!)

- Later today at $lpm \rightarrow GO-Biz Office Hours for Implementation Rnd 2$
- $Oct 1, 3:30-5pm \rightarrow EDF$ Working Group Expert Session
- Oct 3, 10-11:15am → Tribal Table Meeting
- Oct 7-8 → California Jobs First Council Visit (Invite-Only)
- Oct 30, llam-lpm → Tentative: Leadership Team Meeting
- Nov 5 → RRRISE In-Person Convening, Lake County

Our RRRISE Leadership team continues to meet monthly:)
